Tork OptiServe® Coreless Toilet Paper

Tork OptiServe® Coreless is a high-capacity toilet paper system for facilities where efficiency, sustainability and providing a great experience are key. It's a better alternative than conventional toilet paper and traditional jumbo rolls. The wide offer of dispensers means different needs within a facility can be met with only one type of toilet paper.

- Affordable 1-ply paper that offers good value
- 3x more paper compared to conventional rolls to avoid run-outs
- Compact rolls: refill less often and save time
- No core and no wrap means less waste
- Half the storage space vs conventional toilet rolls
- Tork Easy Handling® packaging for ergonomic carrying
