LINDA LEWIS TIZIANO PIZZA OVENS

The Tiziano range of ovens are designed to offer a wide range of equipment that will accommodate takeaways and small restaurants, where pizzas are only part of the menu, or those with limited kitchen space. They cook in around 3-6 minutes, depending on the thickness of pizza and whether you are cooking directly on the stone or in the pans.

The Tiziano is built with a control system consisting of two mechanical thermostats on each deck. This independently controls the temperature above and below the stones to ensure uniform cooking of the pizza both on the top and bottom.

2 YEAR PARTS & 1 YEAR LABOUR WARRANTY

THERMOMETERS

	DESCRIPTION	CODE
1	BLUE THERMAPEN DIGITAL THERMOMETER 2 Year Warranty. Clear digital display. Pointed stainless steel foldable probe. Auto switch on/off facility. Range: - 49.9°C to 299.9°C. Available in 5 colours and with your company logo.	231-257
2	ETI SUPERFAST THERMAPEN ONE THERMOMETER (YELLOW) 5 year guarantee. Reaches temperature in just 1 second! Patented, auto-rotating display with FREE traceable calibration certificate. Waterproof to IP67. Auto intelligent cool white backlit display and motion-sensing sleep mode.	235-427
3	ECOTEMP THERMOMETER Detachable penetrations probe. Easy to read LCD. Temperature Range: - 49.9°C to 199.9°C	810-950
	Replacement probe	810-951
4	SUGAR THERMOMETER Stainless steel with plastic handle. Clearly marked for hard crack, soft crack, hard ball, soft ball, thread and deep fry. Range: 40°C to 200°C.	800-806
5	WATERPROOF THERMOMETER With max/min and °C/°F functions. Easy to use, pocket-sized. Supplied with free silicone boot. Max/min memory function. Can be placed inside dishwasher to ensure the maximum cycle temp is correct. Can also be used as a food probe.	810-275
6	DIGITAL PROBE THERMOMETER WITH TIMER Digital handheld test thermometer/meat thermometer with alarm function, twin displays, 1m cable and 235mm stainless steel probe. Featuring data hold and max min function. Includes battery, and hanger, stand and magnetic fixtures.	38/660/0
7	THERMAMITE DIGITAL THERMOMETER Accurate, flexible and easy to use. Range: - 50°C to 300°C. Available in 5 colours.	261-050
8	MINI RAYTEMP INFRARED THERMOMETER Compact, lightweight & easy to use. Temperature range -50 to 330°C. Laser dot alignment. Target ratio 12:1.	814-080
9	COMPACT HAND HELD INFRARED THERMOMETER Range: - 50°C to 500°C. Built-in laser pointer. Over range indication. Large backlit LCD. Data hold and power off function.	38/703/0
10	GOURMET RANGE THERMOMETER Water resistant folding probe. Pocket size with hold function. Includes CalCheck 0.0C function which allows user to verify the accuracy of the thermometer at any time. Range: - 39.9°C – 149.9°C. Use Suffix when ordering: *0 White, *4 Red, *2 Yellow, *3 Green, *5 Blue, *6 Brown.	810-73*
11	BARISTA MILK FROTHING THERMOMETER Measure milk frothing temperatures. Temp range from -10 to 110°C.	800-800
12	ROOM THERMOMETER 45 x 195mm. Wall-mounted thermometer. Ideal for the home, office or factory. Temperature range of -30 to 50°C accuracy of ±1°C.	803-232
13	DIGITAL THERMOMETER Dual sensors for measuring fridge/freezer and room air temperatures. Built-in audible alarm, Max/min memory function. Range: -49.9°C to 69.9°C	810-225
14	STAINLESS STEEL DIAL FREEZER/FRIDGE A classic 50mm stainless steel dial freezer or fridge thermometer with black temp scale indicating recommended zones. Nominal Range: -40 to +40°C°C only.	22/402/2
15	ETI 810-927 MULTI-FUNCTION THERMOMETER (WHITE) A versatile, multi-function digital thermometer with an attached probe, ideal for restaurants, bars and cafes. Battery life: 5000 hours.	810-927
16	ETI Countdown/Up Kitchen Oven Timer A fully programmable, countdown and count-up, minute and seconds stop-clock with a 70dB audible alarm. Powered by a single AAA battery.	806-101
17	TEMPERATURE LOG BOOK	831-100

1

Polypropylene airtight containers designed with catering professionals in mind. The airtight containers are available in Gastronorm sizes.

The airtight food container has a permanent label and, with the Araven non-toxic ink marker pen, the label will stay as new, even after washing again and again.

Clips included (red, yellow, green and blue).

2

The purple colour of Araven's airtight container identifies and differentiates food for customers with allergies or food intolerances. This ensures separation and protection from possible contamination by substances that may trigger an allergic reaction.

Correct identification will avoid any inadvertent intake of such foods by this risk group.

3

Designed for perfect storage, optimum food preservation with maximum hygiene and the strictest control of raw materials.

Ingredient bins are ideal for storing food with very low levels of humidity (dry goods, nuts, pasta, rice) They can be closed so the contents are protected without having to be airtight, avoiding humidity getting in & spoiling the contents.

FOOD LABELS

Dissolving Label

Rectangular dissolving food rotation labels dissolve completely in water. These biodegradable labels ensure you'll never scrape crusty tape or food rotation labels off washed containers again. Generic label with prompts for recording pertinent info including: item, date, employee, use by date and day of the week prompts. Works in temps range: -40°F - 160°F with a minimum application temp of 10°F.
