

## VARIOCOOKING CENTERS®

*The multi-functional unit for your kitchen.*

Whether in an à la carte restaurant or in industry catering, 30 individual portions or thousands of meals, cooked overnight, under pressure or à la minute, the VarioCooking Center® always offers the optimal solution for the individual requirements of your kitchen.

### What is a VarioCooking Center®?

*It can: boil, shallow-fry and deep-fry - all in a single unit.*

The VarioCooking Center® combines maximum efficiency and simple operation within minimal space. Conventional cooking appliances such as tilting frying pans, boilers, stoves and deep-fat fryers are combined in a single multifunctional appliance. It can be used for boiling, shallow-frying, low temperature cooking, confit or sous-vide cooking. This means, for maximum productivity, as the VarioCooking Center® cooks up to four times faster and saves up to 40% in energy compared to convectional cooking technology in accordance with DIN testing.

### Three intelligent functions.

1. VARIOCOOKING CONTROL® - the built-in cooking intelligence.
2. VARIOBOOST® - heats the pan to 200 °C in 2.5 minutes.
3. AUTOLIFT - the practical raising and lowering device.
