

STUDIO PRINTS HAZE

Haze is a contemporary addition to Studio Prints, a collection of designs inspired by traditional studio pottery. The Haze design features a multi-tonal pattern inspired by the process of spraying glaze on to ceramics. Decorated underglaze in Churchill's semi matte Vellum finish, an innovative glaze formula that has been specially developed to perform to British hospitality standards.

Introducing the first colour in Studio Prints Haze, a soft and muted blue tone that is ideal for mixing with other Studio Prints designs and the wider Churchill portfolio. The balance of white space and colour creates a subtle finish.

STUDIO PRINTS KINTSUGI

Studio Prints collections are a contemporary take on traditional studio pottery, the new Kintsugi design is a modern interpretation of the Japanese art of repairing broken property. The intricate crackled design features a subtle, reactive texture that makes each piece unique. The design is decorated underglaze, creating a protective layer for added durability.

The Kintsugi design is available in Agate Grey, a subtle and reactive colour tone that enhances the delicate pattern.
