

PERFORMANCE: URBAN

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.
